Parity for Disability is a local charity dedicated to providing quality services and improving the quality of life for people with profound and multiple disabilities.

We need a music therapist to join our Music Therapy Service. The successful candidate will work mainly at *Pathways*, a service for 16-19-year-olds with disabilities within Henley College. Our work there is well established and valued. However, there is also potential for additional work, subject to funding. This would be based at Parity. The successful candidate will have an interest in working with both adults and children with learning disabilities, autism and, particularly, with profound and multiple disabilities. An ability to carry out successful pilot projects would also be an advantage.

To arrange an informal discussion and/or visit, please contact Jenny Robson, Senior Music Therapist (Mon–Wed) on the number below.
